

## WEB SEMINAR ENERGY

### **JOSEPH A. AYOUB**

*Production & Completion Engineering Discipline Manager for Schlumberger*

He is currently Production & Completion Engineering Discipline Manager for Schlumberger. Prior to that, he held many engineering and operations posts in the US, Europe, Africa, and the Middle East. He taught numerous industry seminars and published over 30 technical papers, mainly in the areas of well testing/well performance, hydraulic fracturing, and frack and pack. He was named Schlumberger Advisor in 1999 and SPE Distinguished Member in 2005. He served on numerous SPE committees including as chair, and served as SPE Distinguished Lecturer in 1998-1999 on Improving Productivity of Sand Control Completions and in 2009-2010 on Realizing Full Potential of Hydraulic Fracturing - Damage Mechanisms and Mitigation. Currently serves on the SPE Board of Directors as Technical Director - Drilling & Completion.
